## DISTINCT LUXURY.

These are, quite simply, the best premium custom black garage doors the industry has to offer. A true icon, the Black Label Collection is the benchmark for all other deluxe architectural designs. Neighbors will savor the luxurious look and feel these doors will add to your home.

Created using only exclusive custom finishes, premium materials and exceptional craftsmanship, the Black Label Collection has an unmistakably bold, striking aesthetic that embodies the latest in architectural design with timeless and sophisticated style.

YOUR #1 GARAGE DOOR AUTHORITY

## DARK AND DARING

Black is a surprisingly multi-faceted color that spans the gamut of nuance with top notes and base tones that combine into the shade we perceive. That gives us the ability to dial the color into the best hue for your home's architectural experience.

## For Sophisticated Styles That Refuse to Compromise

Depending on the style of your home, black garage doors can give the architectural beauty a contemporary, clean edge. For an eminently modern look that stokes the envy of your neighbors, look to the metal or glass clad Black Label: Contemporary Collection.

If you decide an elegant, traditional wood door best suits your individualized taste, black is just as timeless as white. When it's complemented with black exterior detail, a Black Label: Classic garage door has an understated beauty whose style is perfectly complementary to classic colonial and mid-century modern homes.

## SUPERIOR WEATHER SEALS

Our GHQ signature weather-sealing system includes a heavy rubber bottom seal with integrated ice and water shields to keep out the elements. Engineered foam seals along the vertical edges offer superior performance and longevity, versus the generic rubber lip seal.

Ultra-premium doors demand only the best.

*The Black Label Collection was recently highlighted on our socials as a GHQ Series of the Month! Follow us for the latest features and inspiration from GHQ.*

## A MODERN TOUCH

Built entirely from massive, mirror-polished, stainless steel panels, this door may be the most uncompromisingly contemporary design in the Black Label Collection.

Designed to capture and reflect the aesthetic of your environment with the cool indifference of steel, we endeavored to provide a door with a captivatingly dark, alluring quality.

## RICH WITH WARMTH

Although often paired with chic off-white exteriors, the Black Label Collection does not shy away from warm-toned taupe stucco or other desert-hued siding options.

We excel by masterfully finding the appropriate shade of black that works with any surrounding brown notes, much like a supple velvet.

## LUXE MULTI-DIMENSIONALITY

For those who live and breathe and crave extreme orderliness, a contemporary glass Black Label Collection door may be the rare moment of peace in a chaotic world.

Sleek, carbon-laminate glass has been embedded in an aluminum frame, producing a door with a luxurious, reflective quality. Exceptional external privacy, with an uninterrupted view from within.

## ACHIEVE YOUR DESIGN VISION

Transform your home or new luxury project and add that extra touch of class with the Black Label garage doors, the perfect blend of classic and contemporary architecture. Trusted by the finest home builders in New England, we outpace the competition with unmatched style and sophistication.

## Masterful Details and Commitment to Excellence

We offer two distinct categories within the Black Label Collection to elevate your curb appeal with clean lines, designer details, and a vast array of choices in luxe finishes and window customizations. Choose either Classic and Contemporary, all made with the finest building materials.

The Black Label Collection focuses on duality: elegance and aesthetic, as well as functionality and durability. There are many shades within, each with a stunning custom finish, ensuring your home's unique character shines through.
