

# WESTON SERIES

Carriage House Steel and Aluminum Garage Doors

## WE101, SQ. 4-LITE

*Pictured: Weston Series, WE101 Panel Style in True White with Sq. 4-Lite Windows and Hardware*

## A TRUE CLASSIC.

Authentic carriage house looks with modern functionality to complement your home's exterior. From a distance, the Weston Series looks like delicate, dignified wood. This low-maintenance steel-clad series offers an authentic carriage house look without the need for constant cleaning and annual treatments. The Weston Series is built three sections high to replicate the true look and feel of a traditional carriage house door, complete with an array of hardware options to complete the illusion.

Go ahead and fool your neighbors, deception never looked so good.

## Features

### LARGER SIZED WINDOWS

With only 3-sections to build this garage door in standard heights, the innovative Weston garage doors are the first-of-its-kind to offer more vertical and authentic carriage house door design with larger sized windows that provide more natural light into the garage.

### HIGH R-VALUE

A high R-value means the garage door insulates well and has increased thermal efficiency. Quincy Series features foamed-in-place polyurethane insulation with an R-value up to 13.35 and a U-factor up to 0.24 helps control costly heat loss and gain.
